

# GREECE 8500 YEARS OF CIVILIZATION

Your journey against Greece could only start between myths, legends and history. Greece is not just antiques or clear marine, this is also a myriad of curious villages jealous of its own tradition; natural corners of incomparable beauty; rich cities of history, outside the prescribed routes. In no other country the eye and soul of visitors will come invaded by a set of beauties as varied as in Greece. It is difficult to explain the singular charm of this country full of unforgettable impressions. Light, purity and an almost abnormal clarity, floods the mountains, the sea, the ratings and the islands. The air is filled with wild flowers fragrances.

Maybe the past is palpable because he continues to live in the ancient ruins, the walls, the volcanoes and the caves. Greece offers much more than what we can imagine, and here that the contemplation turns into joy, the pilgrim becomes a tourist and this everything mixes of antique and modern leaves stray the visitor between reality and fantasy and door to reconcile the long history of this country with the present times. And to complete the picture there is the deep embrace of the sea all around this land, who's the submerged world was and is an inexhaustible source of wealth.

The spirit of this small rocky country that, there are 25 centuries, has influenced, in a manner and in an extent disproportionate to its size, all humanity, is still alive today. On every step you can find: dreams and emotions against gods, heroes, temples and charm ancient and present.
