

THE ISLANDS OF CROATIA NATURAL ENVIRONMENT FAVOURS

Still little known in Europe and in the world, the islands of the North Adriatic of Croatia yet make a splendid and exceptional site where all will delight you! View of the sea side they like sometimes to the deserts of rocks and yet when you get there they shine in the beauty of their green forests, pastures and fields of aromatic herbs that extend out of sight ... The fauna and the flora are lush and cities with their thousand bell towers keep the sumptuous Venetian influence!

8 days stay Opatija / Opatija through Cres, Mali Lošinj, Krk, Rab and Pag

To receive the full, detailed program and prices, [please send us an email](#) specifying whether you are travel agency or private people; the number of interested persons; the desired dates; if your program request is based on groups or individuals. We process your request as quickly as possible. Thank you
